MY DREAM GUEST LIST

DJ DMS

Big Al

My mother on the scene, and one of the best people to start a night off with.

DJP

One of the loveliest ladies I have ever met – really genuine, and on top of that, one kick-arse DJ!

Lady Gaga

She looks like a right laugh. Plus seeing her drink, dance and mingle at a party would be priceless.

Gary Henshaw

He owns the best gay bars in London and has always been my favourite person to work for. He knows how to party behind closed doors too!

David Inches

I started working on the scene for this man at Heaven, and I'd love to sit and talk to him over a drink about the good old days.

Homer Simpson

Random, I know, but every party needs a drunk,

funny guy. Homer would be just that – the comic relief, so to speak.

Dusty O

Is one of the most out there characters on the scene – any party that Dusty is at is sure to be one to remember!

DJ Jonesey

He's always been one of the DJs I look up to and I've learnt a lot from him. He will always be on my guest list!

Madonna

You tell me a gay man that wouldn't want Ma-

donna to come down to club on his guest list and I'll eat my own head-phones!

Melissa Totten

She's the best Madonna impersonator and a really good

friend. I'd introduce her to Madonna as well, and get them drinking.
